2026 & 2027 ENTERTAINMENT PACKAGES

AN INTRODUCTION

YOUR CELEBRATION DESERVES MORE THAN A STANDARD WEDDING DJ.

An Arabic wedding isn't just another wedding reception — and your entertainment shouldn't treat it like one.

True North Events offers specialized Arabic wedding entertainment built around the music, traditions, energy and family experience that make these celebrations unique. Our Arabic wedding DJ speaks the language, understands the cultural differences that shape an Arabic celebration, and knows how to bring together traditional Arabic favourites, today's Arabic music and English dance-floor hits for multiple generations under one roof.

ONE COMPLETE TEAM

DJ, musicians, production and planning coordinated as a single experience.

Every package includes up to 8 hours of continuous reception DJ service, professional production and the support of the True North Events team throughout the planning process.
